

SANDOWN TOWN COUNCIL

# Statement

## **COUNCIL CONSULTATION COMMENCES**

Sandown Town Council have launched a public consultation to help inform the 2022/23 Budget, as well as identify priorities for residents.

The consultation includes questions on Beach Safety, a Youth Project, and other potential initiatives.

Sandown Town Mayor Paddy Lightfoot said 'The Town Council are aware of increasing costs, especially utilities, for the provision of services such as public toilets, and welcome public involvement to help set spending priorities for 2022 and following years'.

The Town Council plan to hold their Budget meeting in February 2022, subject to Covid guidance, and the consultation is available on its website [\(Budget Consultation 2022-2023\)](#).

Cllr Lightfoot added 'We are also seeking the views of the community on the appearance of the new toilets planned for Eastern Gardens, and are aware that the covid situation may slightly delay completion of the project'.
